

Talcott Mountain Science Center

Topic Botany - week 8

Home School Science

Instructor Dr. Z

Home Links

Date Nov 17, 2023

Here's some information about the activities your student did with us. Links at the bottom will help you explore further. Enjoy!

What did we do (content, skills, data collection)?

- * [Received our finished baskets](#)
- * [Identified our pressed plants](#)
- * [Went for a walk in the woods](#)

How did we do it (materials & methods)?

- * [We used the websites gobotany and inaturalist to identify our pressed plants to family and species](#)

Where can we find out more?

- * <https://gobotany.nativeplanttrust.org/simple/> (great resource for plant identification)
- * <https://www.inaturalist.org/observations> (you can add your own photos, and/or search for photos by plant/animal and region of the world)
