Date Week 6 - May 17, 2024

Here's some information about the activities your student did with us. Links at the bottom will help you explore further. Enjoy!

What did we do (content, skills, data collection)?

Video Magic - special effects ("SFX") disappearing act

Videos of a "best trick" for each student.

How did we do it (materials & methods)?

Used iOS camera app to record a video of the group, each one waving goodbye to the camera and then walking off camera.

We then used Apple iMovie on macOS to remove the walk-offs, added sound effects and background music to make a completed video.

Where can we find out more?
